NCAA COACHES CERTIFICATION

Any coach that plans to sit on the bench during an NCAA Certified Event is required to obtain a USA Basketball (USAB) GOLD License. Coaches without the USAB Gold License will not be able to participate in our NCAA Certified Events or create rosters on the BBCS.

[CLICK HERE](#) for detailed application instructions from USA Basketball to receive a USA Basketball (USAB) Gold License.

[CLICK HERE](#) to renew or obtain a USAB Gold License. If you received a USAB Gold License in 2017, you must use the same username and password to RENEW your USAB Gold License. If you obtain a new license, then it will not auto-validate in the BBCS & will delay your access to the BBCS for 2018.

NCAA BBCS TEAM & ATHLETE REGISTRATION

All Teams & Athletes planning to participate in an NCAA Certified event must register on the [NCAA BBCS](#) System. [CLICK HERE](#) for the NCAA BBCS manual with complete step by step instructions and rules for registering your team and athletes. This process takes time so get started NOW!

IMPORTANT: Coaches and athletes should RENEW their previously created BBCS account and NOT create a new account. This is done by logging in to your existing account and updating the information on their profile rather than selecting Register as a New User button.
